- 1        In the’ year of 06  
          We traveled to Pellie  
          We traveled to Pellie  
          To teach TBAs  
  
          The TBAs also  
          They traveled to Pellie  
          They came from afar  
          To learn healthy birth ways
  
- 2        Our dear Chief Kallon  
          From the Chiefdom of Jawei  
          He gave us new names  
          In the African way  
  
          And now we are known  
          In the village of Pellie  
          As the Mamies Satta  
          Jebbeh’ and Sallay
  
- 3        We danced through the village  
          The village of Pellie  
          American MOMS  
          And Salone’s TBAs  
  
          We danced for the chance  
          To make all babies healthy  
          Because their mamas’ will see  
          Skilled TBAs

Returning Song: Upon Our Return to Pellie

- 4 Mamie' Lamin sang in  
The village of Pellie  
She sang all the lessons  
For the TBAs  
And then to show us that  
They really had learned them  
They acted for us in  
Hilarious plays

The village of Pellie  
He staffs the Health Post with

And help with the lessons for  
The TBAs
- 6 We danced all night long in  
The village of Pellie

We danced all night long but  
We taught in the morning  
Because we believe in
